

Manufacturers of Ball and Roller Bearings
Since 1963

SCHEERER
BEARING CORPORATION

Serving Industries Worldwide

Special and Emergency Bearing Services

Manufacturing flexibility and nimble response:
Quality bearing products + Service. Value. Flexibility.

After-hours Emergency Orders

When you have an after-hours breakdown situation, Scheerer Bearing offers emergency service. Personnel are always on call after-hours and weekends. Call 800.443.5252.

Emergency Repair

Scheerer provides emergency repair service -- sometimes within a 24-hour period.

Bearing Modifications

Scheerer can change clearances, taper bores, flush grind, and more for many commonly stocked bearings or bearings from virtually any manufacturer often within a 24-hour period.

Scheerer: A Reputation for Quality, Service, and Craftsmanship

Scheerer Bearing has been manufacturing and reconditioning industrial bearings for over 50 years. We have the knowledge and experience required to service bearings of virtually every design, material, and operating environment.

Our state-of-the-art facilities are equipped with precision equipment operated by skilled and trained technicians supported by an expert team of engineers manufacturing a comprehensive range of products.

Quick Delivery Program - QDP

For eligible bearings manufacturing lead times can be significantly reduced through this program.

Engineering Services

Decades of application experience help make Scheerer a valuable industry partner. We offer engineered solutions to help improve existing designs and bearing selection, as well as new design and assembly solutions for both your end user and the OEM.

Reliable Traceability

Throughout the manufacturing process, all large size bearings are 100% inspected with complete traceability for both the bearings and their materials.

Scheerer Guarantee

Scheerer Bearing guarantees that any bearing we manufacture or rework is free from defects in workmanship or material. Any bearing which is proven to be defective within one year from date of purchase will be replaced or reworked free of charge if the defective bearing is returned, charges prepaid, to Willow Grove, PA and the bearing is found to have been properly installed, lubricated, and used.

With over 30,000 part numbers in our system, Scheerer Bearing can provide your everyday bearing needs.

We specialize in large size bearings.

A full line bearing manufacturer, our product range includes:

- Deep Groove Ball Bearings
- Angular Contact Ball Bearings
- Cylindrical Roller Bearings
- Slewing Ring Bearings
- Tapered Roller Bearings
- Spherical Plain Bearings
- Spherical Roller Bearings
- Custom Bearings
- Custom Assemblies

We can produce any quantity from a single unit to thousands annually.

Our products are interchangeable with all major brands including:

SKF, Torrington, Timken, Kaydon, Schaeffler (INA/FAG), NTN, American Roller Bearing, Rollway and many others.
